Parish Staff All On the Job—Financial Drive Underway

The parish staff is now on the job in full force. Donald Bond, who graduated from Bates College last June has taken Walter Palmer's place as Director of Young People's Activities. Mr. Bond is here at work with his studies at Union Theological Seminary in New York City. The Brundons are back from their vacation and ready for a big winter of work.

The religious education work in the schools has been started again. A number of the staff will visit eight schools each week. None of the children in these schools have an opportunity to attend a Sunday School so they are given a little bit of religious instruction each week. The financial drive for the parish work has been on in most of the communities during this past week. Reports received

have been very encouraging. Although the gifts are not as numerous as in other years a much larger percentage of the people are making contributions. It is hoped that the total will be about the same as in other years. If everyone does just a little the good work of the Parish can go on with little interruption. Now if ever is the time when individuals and communities need the encouragement and assistance of the Christian navy of life taught by the Church. It is sincerely hoped that its work can be kept going at a good pace throughout the coming year.

Mr. Bond is planning to develop the grounds of the young men from the Conference being held at Towson under the auspices of the Y. M. C. A. on November 17, 18, and 19th.

DR. O. C. FARRINGTON DEAD

Summer Resident of East Stoughton

The death of Dr. Oliver C. Farrington occurred Thursday, December 10, 1903, at Billings, Memorial Hospital, at the age of 69 years.

Dr. Farrington was one of the leading authorities on the treatment of syphilis and gem minerals. His work on "forties," is a standard authority on the subject, as is his work on gem and minerals. He was also the author of other books and magazine articles.

Joining the museum staff a few months after its founding, Dr. Farrington was a "diamond" of the institution for 20 years. After taking degrees at Maine State college and Yale university he was

He had several expeditions for the purpose of collecting fossils in the Marshall Field geological expedition in 1910 and 1923. On this trip he spent several months in the interior of Brazil, traveling 500 miles by mule train. Dr. Farrington discovered that vast fields of diamonds, which he had been told were not being worked, and brought back with him rare black diamonds and the skeleton of a prehistoric giant sloth.

Farrington was the president of the American Association of Mothers and Flowerpots in the Goodwill Society of America and the American Association for the Advancement of Science. He was a member of Phi Beta Kappa and Sigma Xi fraternities.

Farrington died on March 10, 1902, at his home, Mrs. Clara Bessie Farrington and two brothers, Prof. Edward H. Farrington of Madison, Wisconsin, and Thomas P. Farrington of Kansas, N. M.

Farrington is the father of three sons who have passed the bar in California. His funeral was held at the Presbyterian chapel in Chicago, and the eulogy was read by Rev. John W. Johnson, pastor of the church.

His brother, Herman C. Farrington, of Jersey City, N. J., was also present.
